Annual Membership Renewal Request

Dear Pet Pals Member or Prospective Member:

It is Membership Renewal time, and you are cordially invited to renew your membership for the 2018 calendar year. If not currently a member, please accept this as your invitation for membership. Please fill out and return the enclosed Membership Form with your dues payment; be sure to include your email address. All proceeds from membership dues are placed in a fund to help the homeless animals of Luce County.

Pet Pals meetings are held the last Wednesday of each month at 11:00 a.m. at Zellar's Village Inn meeting room. If you have not yet attended these important meetings, you are invited to do so. Your help with the various aspects of the operations of this organization is urgently needed and will be greatly appreciated.

In our efforts to control the growing numbers of unwanted pets in our area, we continue to actively pursue a spay/neuter program. This program provides financial assistance to pet owners in need. During 2017, Pet Pals helped spay/neuter 62 cats and 21 dogs through fundraisers and donations from the community specifically designated to the spay/neuter fund.

Pet Pals has assisted the community with posting information on lost and found family pets on our Facebook page "Luce County Pet Pals". In 2017, Pet Pals helped to reunite 41 dogs, 15 cats, and 3 other (not dogs or cats) with their owners. We have also helped to find new homes for 68 dogs, 66 Cats, and 32 others (not dogs or cats). There is a desperate need in our community for foster homes to care for pets until their forever home can be found. Please call Bonnie at (906) 293-3310 if you are interested in becoming a foster home.

Our fund raising activities have been successful this past year. We would like to thank all those who volunteered and all those who attended which helped to make them a success. We will be having another Chicken Dinner at the Elks Club in April 7, 2018.

Construction on the new animal shelter building continued this past year with much progress having been made. The walls in the Main Kennel and in the Isolation Kennel areas have been covered with Fiberglass Reinforced Panels and new LED lights installed. The concrete floor in the Isolation Kennel has been poured with in-the-floor drains, ground insulation, and piping for in-the-floor heating. The new heating, air exchange system, and new 40-gallon water heater have been installed allowing the main shelter building to be heated now. Soon to be installed is the new boiler for the in-the-floor heating in the kennels. Please contact Ed Brondyke at (906) 293-3155 if you are interested in being a part of the volunteer work crew.

Thank you for your consideration of our Membership request.

The Officers and Directors,
